### CLEANING

---

#### *Handgun Carbon Fiber Cleaning Rod*

Stay straight and true when cleaning your handguns with Gunslick's new Carbon Fiber Cleaning Rod. At 8" in length, this carbon fiber rod is ideal for handgun cleaning and remains straight despite rigorous cleaning sessions. Soft, easy-grip handle makes this rod a pleasure to use while the ball-bearing rotation is gentle on your barrel yet tough on stubborn fouling.

#### Features & Benefits

- Carbon fiber for strength, straightness and no particle pick-up
- Ball bearing handle for years of smooth rotation and function
- 8" length accommodates most handguns
- Soft grip handle for ergonomic comfort

### CLEANING

---

#### *Phosphor Bronze Handgun Brushes*

Big bore shooters understand the need for a superior clean. The amount of powder they burn and the size of their bullets demand a clean like no other. Gunslick tackles this fouling with a new line of phosphor bronze handgun brushes. A generous amount of stiff phosphor bronze brushes are tightly spun to create a formidable tool for removing deposits and fouling.

#### Features & Benefits

- Phosphor bronze brushes
- Available in both .475/.480 and .50 caliber
- 8-32 threads

Part No.	Description
91974	Phosphor Bronze Handgun Brushes—.475/.480 caliber
91976	Phosphor Bronze Handgun Brushes—.50 caliber
