CLEANING

.50 BMG Rifle Kit

The pros at Gunslick™ know what shooters need for superior gun cleaning. This year a new .50 BMG rifle cleaning kit is available. It includes carbon fiber rods, chamber and bore brushes, Foaming Bore Cleaner™, mops, patches, clothes, brushes and a Gunslick Pro carry case. There is even a bore guide that doubles as a way to inject foaming bore cleaner into the barrel.

Features & Benefits

- More than 10 cleaning accessories available in each kit
- Easy to use
- Carbon fiber cleaning rod has two sections that are 43" and 19" in length, when put together they will work with most .50 BMG rifle barrel lengths
- Bore Guide doubles as way to inject foaming bore cleaner into the barrel

CLEANING

AR-15 Bore Guide

Keep those guns clean. Designed specifically for the AR-15 style firearm owner in mind, the Bore Guide is durable and made from aluminum. The knurled end makes for easy removal from the firearm. A large solvent port allows access to full length of brushes and mops. And the chemical resistant o-rings hold this bore guide in place.

Features & Benefits

- Durable and aluminum construction
- Knurled end makes for easy removal
- Large port allows access to full length of brushes and mops
